# Overview

PHOTOBOOTH.LK is a small scale business that currently exists as a small shop. Currently it delivers customer orders island wide. They have three main branches in Kandy, Matara and Galle. They are doing photo strips, polaroids, picture jars, photo framing, SCRAPBOOKS, photo albums, fairy lights etc.

## Problem Scenario

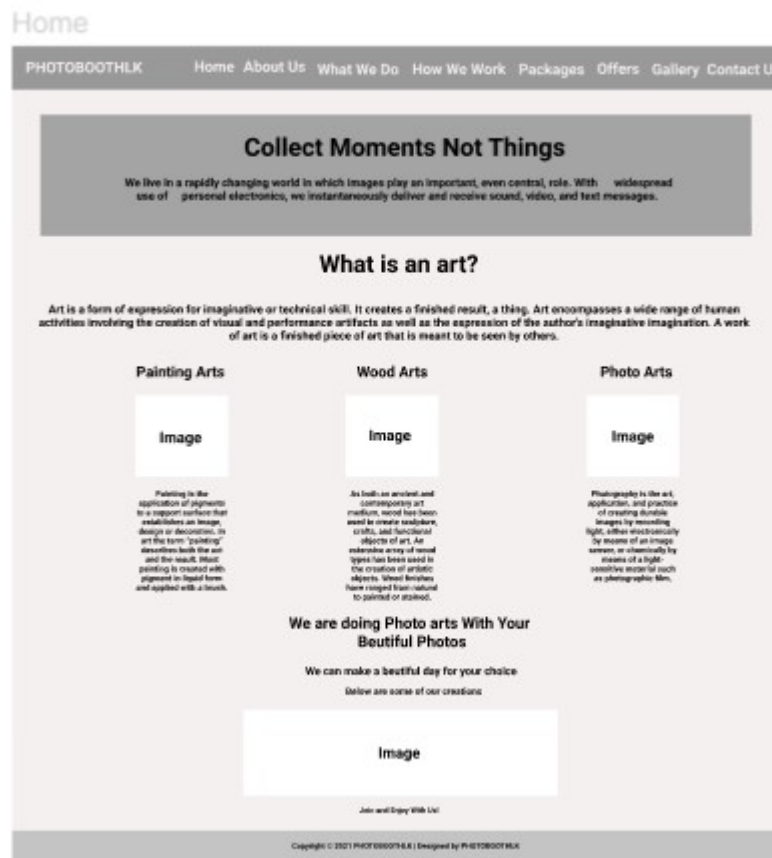

They wanted to promote their business via online in a more organized way. They want to increase the popularity of their company among the general public by building a website based on the company's current history. You may appeal to a larger audience and distribute information about your business on a much larger scale by creating a website.

Also they wanted to collect customer details and feedback using an online platform. Furthermore they wanted us to link their social media accounts to the website.

So that we have created this PHOTOBOOTH.LK website to satisfy our customer needs.
